Hi Bill – Can you provide the time we need to meet your team at the boat launch on the San Jacinto River next Wednesday (12/9)? I think we left that open in our last call and I need to firm up plans for Benchmark and myself.

Thanks,
David

Thanks. I have attached a draft (near final) dive/safety plan for the EPA divers. The photo I attached simply reflects the work area that the divers would typically need in the boat for exclusion (decon) and operations.
